**DETAILED ACTION**

***Election/Restrictions***

1. The amendment filed on 1/29/2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining newly submitted claims are not readable on the elected invention because newly submitted claims 77-89 are directed to a particular server for providing program based on popularity of the program, the server comprising a program database..., a tuning space database..., a translation database..., a ratings database..., which are not recited in the original claims 1-76, which are directed to a system for facility providing services to a broadcaster and remotely control operation of a recording device at the client system to record a program based on the information provided in a message. The Invention of newly submitted claims 77-89 has a separate utility such as a server for providing program to the user based on user preferences, popularity of the program.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
